

## April 2015

*Fostering homeownership & revitalizing neighborhoods.*

### Homeowner Highlights

Lashicka is a Lease Purchase participant who is excited to be purchasing her home in a couple weeks. She has been working with KNHS for less than a year, and attributes her speedy progress to hard work and her strong desire for homeownership. When asked what homeownership means to her, she responded, "Definitely responsibility. It means taking care of my home now and saving for future upgrades and repairs."

### A Message from Matt

This month is Fair Housing Awareness Month, and we've been busy! Since the beginning of this year, we've helped 15 families purchase homes. We've also been teaching Homebuyer Education Classes, and 14 participants have graduated from this course.

Thank you for your continued support, as we foster homeownership in our community.
